## **THE RIGHT TOOLS FOR THE RIGHT CAREER**

### **SCHOLARSHIP PROGRAM**

**Fastenal is a proud supporter of the technical education market and is pleased to offer a scholarship opportunity to its qualified education accounts.\***

- **At the end of the school's fiscal year a 2% rebate will be awarded by way of a scholarship.**
- **At the school's discretion, the rebate may be divided into multiple scholarships to award to the student(s) of the school's choosing. The student(s) must be enrolled in one of the school's industrial technology programs.**
- **The rebate is based on the account's total purchases of tools, parts and supplies by school instructors, students, and administrative and/or maintenance personnel.**
- **A Fastenal representative will present the scholarship check to the chosen student(s).**

### **Ask about Fastenal's scholarship program today!\*\***

\*An account and program agreement with Fastenal is necessary to qualify for this program. It is offered to both secondary and post secondary technical schools. The program is based on a minimum \$50,000 spend with Fastenal during the school's fiscal year - sales must be tracked through the account to qualify.

\*\*Please see program agreement for complete details.
